An aerial photograph of downtown Winnipeg, Canada. The 201 Portage building, a tall, modern skyscraper, is the central focus of the image. It is surrounded by other commercial buildings, parking lots, and green spaces. The city's skyline is visible in the background, with a mix of high-rise and low-rise structures. The foreground shows a large stadium, likely the Winnipeg Blue Bombers stadium, with its distinctive seating and field. The overall scene depicts a vibrant urban environment.

## EXCLUSIVE OFFICE SPACE IN THE HEART OF DOWNTOWN WINNIPEG

TENANTS & GUESTS OF 201 PORTAGE ENJOY  
UNPRECEDENTED COMFORT, STYLE, AND ELE-  
GANCE IN THE HEART OF WINNIPEG'S CENTRAL  
BUSINESS DISTRICT.

201 Portage has remained unrivalled as the tallest business landmark between Toronto and Calgary since its construction in 1990. With its detailed architecture and impressive height, 201 Portage has become a staple of the Winnipeg skyline and an icon of the city's image.

The building is managed and leased by Harvard Developments Inc., and operated by its wholly owned subsidiary, Harvard Property Management Inc. Specializing in commercial, retail, and industrial property management throughout Western Canada, Harvard is known for their level of expertise and customer service in the real estate industry. With a staff that boasts over 60 years of experience, 201 Portage offers its tenants the absolute best in service, delivery and professionalism.

Harvard takes pride in the buildings they operate and 201 Portage is certainly no exception. This dedication to excellence has led to 201 Portage becoming certified as BOMA BEST Level 3. BOMA BEST (Building Environmental Standards) is a national program that addresses an industry need for realistic standards for energy and environmental performance.

201 Portage was also the winner of the 2015 Office Building of The Year (TOBY) Award. This award recognizes efforts and attention to detail in tenant relations, energy conservation, emergency preparedness, and sustainable management. The TOBY Award is presented to office buildings that have focused on addressing environmental issues.

## EXTERIOR FINISH

201 Portage is highly articulated, combining the elements of stepped, pre-cast, and curved curtainwall. The base of the building steps out from the main face of the tower with a curved wall of unevenly spaced columns and recessed windows. This creates a colonnade experience. The building is capped with a stepped massing treatment culminating in the reflective glazing element of the penthouse
